

Job Description

ICT TECHNICIAN

All criteria are Essential unless indicated otherwise

Reports to: ICT Manager

Responsible for: n/a

Overall Job Purpose:

Support the ICT Manager in the delivery and development of high-quality ICT strategies and systems that enable Barcud Group to meet its business objectives and the needs of internal and external stakeholders.

ICT:

- Be the first point of contact for ICT enquiries from Barcud's colleagues, tenants and partner organisations, providing high-quality first-line support to resolve a wide range of ICT problems.
- Deliver a high-quality ICT-based Customer Service to Barcud and its end users, working collaboratively across the Group, ensuring an integrated approach to delivering services.
- Take a proactive approach to problem solving and communicate technical solutions clearly and concisely to different non-technical audiences.
- Manage and remedy technical support issues through the helpdesk solution, ensuring the issues are resolved or escalated to the relevant individuals as appropriate.
- Configure hardware and devices including desktop computers, printers, tablets, phones and mobiles, including installation and configuration of software as required.
- Set up new and amend existing user accounts, providing general electronic account related support, such as, changing passwords and unlocking accounts.
- Maintain and audit an accurate up-to-date asset inventory of the Association's ICT hardware, software and licenses.
- Provide advice, training and support in the use of IT systems to remote and in person enquires.
- Ensure that cybersecurity measures are robust and kept up to date, monitoring the operation and security of systems to safeguard hardware, software and data.

- Support the installation and testing of operating systems, hardware and software, maintaining records and documentation on all technologies.
- Ensure compliance with the Association's ICT standards, policies and processes.
- Ensure system users have efficient and effective support arrangements including access to helpdesk, self-help information, user guidance and other training and support arrangements.
- Ensure Barcud's systems are up to date and effective for its purposes, making recommendations for changes where appropriate.
- Constantly review existing applications to check for their effectiveness and redesign where necessary, assisting with the investigation of new ICT products.

People:

- The post holder will regularly be expected to work unsupervised and to be able to manage their own time efficiently and effectively.
- The post holder will be expected to adopt a flexible attitude to the duties which may be varied subject to the needs of Barcud and in keeping with the general profile of the post.
- The post holder will promote a high-performance culture that drives continuous improvement and efficiencies.
- Communicating the priorities, plans, vision and objectives of the Group to ensure effective delivery to the agreed service standards and targets.

Corporate

- Promote, develop and manage effective partnerships with internal and external stakeholders to achieve continuous improvement in the provision of services.
- Promote Health and Wellbeing initiatives throughout the organisation.
- Provide excellent customer service to all internal and external customers.
- Work within the Association's equality, diversity and inclusion policies at all times and in all aspects of service delivery and employment.
- Ensure that the Association and its employees comply with all legal, statutory and regulatory requirements along with best practice.
- In all aspects of the Association's work, to promote effective communications, excellence in customer service, and a focus on continuous improvement.
- Carry out such other duties and responsibilities as may reasonably be requested.

This job description is not intended to be an exhaustive list and in view of changing demands, legislation, and regulations, the duties may be reviewed and revised as deemed reasonable and appropriate.
